STATEMENT OF LISTING

This is to record that the researcher named below appears in the database "Updated science-wide author databases of standardized citation indicators" (2020 data-update, Career-long list), published in the Elsevier Data Repository.

NAME	Stepan, Gabor
INSTITUTION	Budapest University of Technology and Economics
COUNTRY / REGION	Hungary
DATA VERSION	2020 · Career-long
SUB-FIELD	Industrial Engineering & Automation

Rank in sub-field	#348 of 96,361 globally (top 0.36% in Industrial Engineering & Automation)
Rank on the list	#48,214 of 186,177 on the list (2020 Career-long list)
Inclusion	within the top 2% of this sub-field
Composite score (c)	3.697 (incl. self-citations: 3.818)
Citations	7,139
h-index	45

VERIFICATION

Notes and limitations

1. This statement is generated automatically from the public dataset cited above. It is not an award, an endorsement, or an evaluation of research quality, and it should not be used as a basis for hiring, promotion, funding or award decisions.
2. "Top 2%" refers to a relative position within a Science-Metrix sub-field, not to the top 2% of all researchers worldwide. Percentiles are computed against all researchers in the sub-field, including those who are not listed.
3. "Rank on the list" is the position among all researchers listed in that data version and list - across all sub-fields - ordered by the composite score excluding self-citations. It is a position within the published list, not a worldwide rank, and it is a different quantity from the sub-field percentile.
4. Institution names come from the researcher's most recent Scopus affiliation and may be out of date. The database has no author ID, so records that share a name and institution cannot always be told apart.
5. This site is not the creator of the underlying database and accepts no correction requests; to amend a Scopus profile use the Scopus-ORCID feedback wizard (orcid.scopusfeedback.com).
6. Verify the code above on this site to confirm that the figures match those recorded in the database.
