STATEMENT OF LISTING

This is to record that the researcher named below appears in the database "Updated science-wide author databases of standardized citation indicators" (2021 data-update, Career-long list), published in the Elsevier Data Repository.

NAME	Volinsky, Alex A.
INSTITUTION	University of South Florida, Tampa
COUNTRY / REGION	United States
DATA VERSION	2021 · Career-long
SUB-FIELD	Materials

Rank in sub-field	#1,892 of 267,149 globally (top 0.71% in Materials)
Rank on the list	#128,385 of 194,983 on the list (2021 Career-long list)
Inclusion	within the top 2% of this sub-field
Composite score (c)	3.309 (incl. self-citations: 3.350)
Citations	7,759
h-index	40

VERIFICATION

Notes and limitations

1. This statement is generated automatically from the public dataset cited above. It is not an award, an endorsement, or an evaluation of research quality, and it should not be used as a basis for hiring, promotion, funding or award decisions.
2. "Top 2%" refers to a relative position within a Science-Metrix sub-field, not to the top 2% of all researchers worldwide. Percentiles are computed against all researchers in the sub-field, including those who are not listed.
3. "Rank on the list" is the position among all researchers listed in that data version and list - across all sub-fields - ordered by the composite score excluding self-citations. It is a position within the published list, not a worldwide rank, and it is a different quantity from the sub-field percentile.
4. Institution names come from the researcher's most recent Scopus affiliation and may be out of date. The database has no author ID, so records that share a name and institution cannot always be told apart.
5. This site is not the creator of the underlying database and accepts no correction requests; to amend a Scopus profile use the Scopus-ORCID feedback wizard (orcid.scopusfeedback.com).
6. Verify the code above on this site to confirm that the figures match those recorded in the database.
